BACKGROUND

From its beginning in 2012, Yamhill Community Care has been a community-based, grassroots organization. When the call for CCO applications went out, the community decided it didn't want an outside agency making choices for those who live here. Instead, local health leaders came together and chose to form their own small CCO. YCCO is still led by the people in the community. Its governance and advisory boards are made up of a wide range of local sectors, including representation from area clinics and hospitals, local government, school districts, early childhood education and childcare, and Oregon Health Plan members.

YCCO serves as the Early Learning Hub (ELH) for Yamhill County and also engages in community outreach and support through its Community Prevention and Wellness Committee and Community Advisory Council. Yamhill Community Care's Early Learning Hub has three goals:

- The early childhood system is equitable, integrated, accessible, inclusive, anti-racist, and family centered.
- All families with young children are supported to ensure their wellbeing.
- All children are thriving in early childhood and beyond.

PROPOSAL TOPICS

Project proposals must align with the vision and mission of Yamhill CCO's Early Learning Hub. They must be targeted toward one or more of the ELH's priority populations. This includes families that are:

- Latinx and/or Spanish-speaking,
- geographically isolated (West Valley),
- parenting one or more children with disabilities,
- experiencing houselessness,
- experiencing mental health challenges, and/or
- engaged with Child Protective Services.

Project proposals must address the development of literacy skills in children age 0-6 in one or more of the following ways:

- establish or expand early literacy-focused professional development opportunities for early childhood educators,
- establish or expand parent/caregiver engagement opportunities focused on early literacy development,
- establish or expand Little Free Libraries in communities that have historically been underserved, and/or
- develop and/or distribute educational materials and resources that support literacy development and that are tailored to meet the diverse needs of the community.

All projects must be completed by June 30, 2025. Grant funds may not be used for capital expenditures or to supplant existing federal or state funds.
