Yamhill County Service Integration Teams

Connecting the Community

What is Service Integration?

Service Integration is a way to facilitate collaboration among community partners to provide coordinated resources and information for individuals and families.

We are agency and community partners collaborating to improve the overall health and well-being of Yamhill County residents by matching resources to clearly defined needs, while avoiding duplication of services.

Service Integration is a partnership among:

- Yamhill Community Care (YCCO)
- Yamhill County Health and Human Services

Service Integration Teams (SITs) meet monthly to network, share resources, discuss local needs, learn about new ways to connect people to services, and participate in relevant local trainings.

Each team is unique to its local community with representatives from:

- School staff
- Law enforcement
- Healthcare
- Government agencies (city, county, state)
- Nonprofits
- Faith-based organizations
- Tribal members
- The community

ENERGY SERVICES

YCAP Energy Services
is committed to helping
people stay warm and safe.

YCAP, a not for profit organization,
advocates for people in need by
providing access to resources and
tools to strengthen communities in
Yamhill County.

YCAP

ENERGY SERVICES

The intent of Energy Assistance is to provide financial support to eligible households to offset residential heating costs. Findings confirm that there have been dramatic increases in home energy costs that impose a disproportionately larger burden on fixed, low, and lower to middle income households. YCAP recognizes that adequate home energy/heating is a necessary aspect of shelter, and that deficiencies in home heating pose a threat to life, health and/or safety.

Low cost methods to reduce energy consumption

- ✦ Turn down thermostat at night and when away from home.
- ✦ Replace or clean heating and cooling system filters monthly.
- ✦ Wash clothes in cold water.
- ✦ Tune-up heating and air conditioning systems on a regular basis.
- ✦ Use the Energy Saver mode on washer and dryer.

BILL ASSISTANCE

LIHEAP (Low Income Home Energy Assistance Program) Assistance for Senior and Disabled Households begins in October, with General Public being placed on a referral list starting in December. Assistance may be directed to the primary heat source in the home.

OEAP (Oregon Energy Assistance Program) is for PGE customers only. OEAP qualifying criteria includes income eligibility. Priority status may be given to households with no power or a shut-off notice.

OLGA (Oregon Low Income Gas Assistance) is for Northwest Natural (NWN) customers only. OLGA qualifying criteria includes (a) income eligibility and (b) active account with NWN.

LIHWA (Low Income Home Water Assistance) available to customers of the following Water/Sewer vendors: City of Amity, City of Carlton, City of Dayton, City of Dundee, City of Lafayette, City of McMinnville (McMinnville Water & Light), City of Sheridan, City of Willamina, and City of Yamhill.

CEAP (COVID Energy Assistance Program) For PGE customers only. The income threshold for CEAP is 80% of Area Median Income (AMI) which is higher than other energy assistance programs, but eligibility requires a "COVID impact". Examples include loss of employment, reduction or loss of income, or adverse health conditions due to COVID (this is not an exhaustive list). Contact YCAP regarding income guidelines for CEAP.

ELIGIBILITY

Assistance is available to renter and owner occupied housing that are below the 60% of Oregon Statewide Median Income.

Applications are available by online request or phone the Energy Assistance Hotline at 1.855.216.5289 x 1480 for more information.

SERVICIOS ENERGÉTICOS

YCAP servicios energéticos se compromete ayudar a las personas a mantenerse cálidas y seguras.

YCAP, una organización sin fines de lucro, cambia vidas y fortalece a nuestras comunidades al ayudar a las personas a tomar medidas hacia la autosuficiencia.

YCAP

SERVICIOS DE ENERGÍA

La intención de Energy Assistance es proporcionar apoyo financiero a los hogares elegibles para compensar los costos de calefacción residencial. La investigación confirma que ha habido aumentos dramáticos en los costos de energía del hogar que imponen una carga desproporcionadamente mayor a los hogares de ingresos fijos, bajos y bajos a medios.

YCAP reconoce que la energía / calefacción adecuada del hogar es un aspecto necesario del refugio, y que las deficiencias en la calefacción del hogar representan una amenaza para la vida, la salud y / o la seguridad.

Métodos de bajo costo para reducir el consumo de energía

- Baje el termostato por la noche y cuando esté fuera de casa.
- Reemplace o limpie los filtros del sistema de calefacción y refrigeración mensualmente.
- Lave la ropa en agua fría.
- Ajuste los sistemas de calefacción y aire acondicionado de forma regular.
- Utilice el modo de ahorro de energía en la lavadora y la secadora.

ASISTENCIA DE FACTURA

LIHEAP (Programa de Asistencia de Energía para Hogares de Bajos Ingresos) La asistencia para hogares de personas mayores y discapacitadas comienza en Octubre, y el público en general se coloca en una lista de referencias a partir de Diciembre. La asistencia puede dirigirse a la fuente de calor primaria en el hogar.

OEAP (Oregon Programa de Asistencia Energética) es solo para clientes de PGE. Los criterios de calificación de OEAP incluyen la elegibilidad de ingresos. Se puede dar prioridad a los hogares sin electricidad o con un aviso de corte.

OLGA (Oregon Asistencia Gas de Bajos Ingresos) es solo para clientes de Northwest Natural (NWN). Los criterios de calificación de OLGA incluyen (a) elegibilidad de ingresos y (b) cuenta activa con NWN. Comuníquese con el Departamento de Servicios de Energía al 1-855-216-5289 ext. 1483 para obtener asistencia gratuita para la climatización.

LIHWA (Asistencia de Agua para Hogares de Bajos Ingresos) Disponible a los clientes de los siguientes proveedores de agua/alcantarillado: Ciudad de Amity, Ciudad de Lafayette, Ciudad de McMinnville (Minnville Agua y Luz), Ciudad de Sheridan, Ciudad de Willamina y Ciudad de Yamhill.

CEAP (Programa De Asistencia Energética COVID) Solo para clientes de PGE. El umbral de ingresos para CEAP es el 80% del Ingreso Medio del Área (AMI), que es más alto que otros programas de asistencia energética, pero la elegibilidad requiere un "impacto de COVID". Ejemplos incluyen pérdida de empleo, reducción o pérdida de ingresos, o condiciones de salud adversas debido a COVID (esta no es una lista exhaustiva). Comuníquese con YCAP para conocer las pautas de ingresos para CEAP.

ELEGIBILIDAD

La asistencia está disponible para el inquilino y el propietario de viviendas ocupadas que están por debajo del 60% del ingreso medio en todo el estado de Oregon.

Las solicitudes están disponibles por solicitud en línea o por teléfono a la Línea Directa de Asistencia de Energía al 1.855.216.5289 ext 1480 para obtener más información.

Many Pathways To Recovery

Recovery Works offers substance use and recovery services that promote quality of life and support individuals in achieving their wellness goals.

Addictions are often rooted in traumatic or difficult experiences and unmet needs. By helping to meet the unique needs of people experiencing addictions we help people heal, so compulsive substance use no longer serves them, and they are free to live the lives they dream for themselves.

At Recovery Works, we are people, many with lived experience of addictions, here to help those still suffering. Our services include:

MEDICATION ASSISTED TREATMENT (MAT/MSR)

Our prescribers are experts in the use of medications to manage addictions including **buprenorphine, Suboxone, Subutex, naltrexone, Vivitrol, Sublocade** and others. We help patients get on, get stable and, when/if the time's right, get off the appropriate medications.

OUTPATIENT TREATMENT

Groups and one-on-one counseling help our clients build new skills and take control of their lives. This is not the typical outpatient treatment; our programming has been built by professional counselors with lived experience of addictions.

MENTAL HEALTH

Therapists at Recovery Works specialize in working with people experiencing addictions, focusing on trauma integration, managing depression, and anxiety and building life skills.

PEER SUPPORT SERVICES

Our peers provide support in many ways, including helping clients access resources, navigate systems, and remember how to lead joyful lives without drugs and alcohol.

STATE CERTIFIED DUII PROGRAM

With multiple groups per week offered by engaging professionals, we are dedicated to offering meaningful DUII programming that helps our clients succeed in diversion cases and thrive in life.

MEDICALLY MONITORED WITHDRAWAL MANAGEMENT

Recovery Works offers inpatient medically monitored withdrawal management (aka 'detox') services at our 16-bed facility in SE Portland.

The Housing Authority of Yamhill County administers the Housing Rehabilitation Loan & Grant Programs on behalf of the **Yamhill County Affordable Housing Corporation**.

The programs are funded by Community Development Block Grants, the Regional Housing Rehabilitation Revolving Loan Fund, and other periodic State and Federal Grants.

The objectives of the programs are:

- To alleviate health and safety problems and correct structural deficiencies in homes.
- To make modifications to accommodate senior or disabled residents.
- To help avoid occupant displacement.
- To focus on the housing needs of the lower-income citizens of the community.
- To encourage the conservation of energy and other resources.
- To help encourage the maintenance and preservation of affordable housing in our community.
- To reduce the number of substandard housing units in need of major and minor repairs.

Area Served

All of Yamhill County including the city limits of Willamina.

The Loan Programs

To qualify applicants must:

- Own their home and the land it is situated on
- Have lived in the home for the past six months
- Have equity in the home

Loans are due in full if the owner no longer lives in the home, if it is sold, if the title is transferred, or if the use of the property changes.
