#### Is it an emergency?

Call 911, or go to the hospital or emergency room closest to you. Do not go to the hospital for care that can be done in your provider’s office. If you are not sure if it is an emergency, call your primary care provider’s office.

#### More about your OHP

If you want to know more about what your Oregon Health Plan (OHP) covers call customer service. Your ID card shows your eligibility and your handbook has all about YCCO OHP.

#### Getting a Member Handbook

The handbook is updated every year. You can read the handbook online at <https://yamhillcco.org/members/member-handbook/>. You can get a paper copy mailed to you, it can also be in your language or another format to do this call Customer Service. There is no charge to get a paper handbook and you will receive it within 5 working days. This book explains about your benefits, so you know what to do when you get sick or have an emergency.

This directory is a list of YCCO in network providers, it is not proof that you are eligible. Read your handbook to learn about eligibility and benefits.

## Section 1 – Introduction

This directory has all the YCCO in network providers and pharmacies. If you don't have a primary care provider (PCP), you can choose one from this directory. If you don't choose one, we will choose one for you.

You can fill your prescriptions at any of the pharmacies in the directory. Your PCP may need to ask for prior approval for certain drugs.

### Primary Care Providers (PCP)

You should get most health care from your PCP and they will tell you if you need other types of care. Other types of care may be x-rays, lab tests, or specialist care. Your PCP may need to refer you or ask for prior approval for some services. Your PCP will work with the other providers you see and ask for updates about care you have received.

YCCO suggests that you choose a PCP close to your home. Having your PCP nearby can make receiving medical care easier. This directory is organized by city or town to make it easy to see which providers are near you.

If you have questions or need help choosing a PCP, call our Customer Service.

We want you to like your provider. If you want to change from your assigned PCP, call Customer Service.

### Specialist

YCCO allows direct access to specialty care. Specialty care is provided by a specialist, like a cardiologist for heart problems or an orthopedist for bone problems. You can make an appointment with a specialist that is in the YCCO provider network. Your PCP or Customer Service can help you find one.

Some specialist want a referral from your PCP and your health record. When this happens work with your PCP to get a referral and to send your health record. If your specialist wants you to do other services like an x-ray or blood test you may need a prior approval. Your specialist will work with your PCP to do this.

Family planning services do not require a referral and you can get them from any Oregon Health Authority provider.

### Out of Network Providers

If you go to an out of network provider for non-emergency services without prior approval you may have to pay for it. If you receive a bill from an out of network provider, call Customer Service.

### Out of Town Care

If you need care when you are away from home, call Customer Service.

When you are out of town we only cover urgent or emergency medical care and care YCCO has approved.

### Emergency Care

**Get medical help as soon as possible. Call 911 for help or go straight to the nearest emergency room.**

As soon as you can, you or your representative should call your PCP about your emergency care. Make sure you get the follow up care you need from your PCP.

**Do not** go the hospital for care that should be given in your provider's office. If you are not sure if it is an emergency, call your PCP's office.

### Second Opinions

We cover second opinions. If you want a second opinion about your treatment options, this does not need prior approval. You can pick a YCCO provider and make an appointment. If you need help finding a provider ask you PCP or Customer Service for help.

If you want to see a provider outside our network, you or your provider will need to get our approval first.

## Section 2 – List of Network Providers

### How to Find a Provider or Pharmacy in the Directory

The directory is set up in sections based on the type of provider. The primary care provider and specialist sections are set up by city, specialty then in alphabetical order by provider last name. Languages the provider speaks will be noted under their name or the name of their office group.

All other sections of this provider and pharmacy directory are sorted by city and then by provider name.

**If you need any help with your directory call Customer Service.**
